Graphics Library Installation Instructions

To install a New Print Shop Graphics Library onto a hard disk, use the following procedure to copy the files to the directory where **The New Print Shop** program is installed:

1. Change to the drive where **The New Print Shop** is installed by typing C: at the DOS prompt. (Or type the letter of the drive where the program is installed.)

2. To change to **The New Print Shop** directory, type:

   CD\NEWPS (Or the name of **The New Print Shop** directory.)

3. Place one of the **Graphics Library** disks in a floppy drive (A or B) and type:

   COPY A:*.* or COPY B:*.*

Repeat step 3 for each **Graphics Library** disk.

Once this procedure is completed, the **Graphics Library** files will appear in the lists of available borders, full panels, graphics and fonts within **The New Print Shop** program.
